

SEARCHING FOR SKILLED AND SPECIALIZED WORKERS

Our company is a specialized firm which has been working in the building sector in Italy and abroad (especially in Vienna - Austria) for years now.

Our main task consists of salary and laying tiles/ceramic plates, natural stone or other material like parquet both in large and in small formats. In this specific sector of building we have a professional work experience of over 25 years.

Our company's head office is located in Vienna (Austria).

Due to the fact, that we are aiming to fulfil all our future demands, we are always in search of qualified and specialized labours. Lately we increasingly have been carrying out works in wellness facilities (pools, saunas, etc.) and in the tourist industry (Hotels, pensions and accommodations of large dimensions 10-15.000 m² etc.).

Because of this reason, to motivated, willing and autonomous people we offer an adequate salary, provide meals and accommodation as well as the ability of a business car.

Besides, time and time again we entrust smaller companies (single-person) with piecework according to extent and type of work.
